

# Run 1837 16 November 2015 – THE LAST PIZZA IN CHISOLM

## Hare : CentreFold

As far as Hash runs go, last Monday's was memorable for Two things:

Firstly, it was the final time that we were forced to stand in the mosquito infested back yard swamp of CENTREFOLDS manor. Secondly, it was the last time we got to enjoy CENTREFOLDS pizza extravaganza. Thirdly, for the final time we got to see QUEEN LATRINE being paid out on prior to her leaving for the land of Gabardine, and fourthly, Bohemian Rhapsody (nothing more needs to be said).

The run was a sensible 5.5kms, just long enough for the runners and walkers to get to the drinkstop around the same time.

Not surprisingly QL complained bitterly about the shortness and flatness of it.

It was nice to see returnees: POP TART, DANGLES, JR, SUELLEN, TURKEY SLAP, BUSHMAN, MATILDA and SILENT NIGHT.

**Charges:** The following were heard;

- QL for showing off, GERBILS for doing 25 chinups.
- WEATHERMAN sang a song which had most of us cursing the fact we had ears!!!
- POOSHOOTER complained about having to down down Crown lagers - Poor little diddums.
- HIDDEN FLAGON was outed for hiding his disco dancing talent.
- QL was outed for Sycophantic behaviour towards GERBILS.
- Weatherman pointed out that CRASH and BURN must be a Libran due to the fact that he has wings tattooed on his back.
- POOSHOOTER let everybody know that he had 18 interrupted sleeps on Sunday night.
- QL was called out for being a Cougar.
- All Navy / ex Navy personnel were asked to step into the circle so the hash could indulge in some hero worship.
- And then all Army / Ex Army / Marines were asked to step into the circle.....But the moment had passed them by.
- INFALLABLE was celebrating his 40th anniversary of attending hash
- The GM asked a three pronged multiple choice question about his willy warmer which garnered four wrong answers - only at hash
- The organisers from the Thredbo weekend were thanked.
- WEATHERMAN sang another song which had hashers pulling off their recently resown on ears.
- QL and SEXCHANGE led the pack in an assassination of Bohemian Rhapsody
- The FRB went to CRUNCHY CRACK
- The Big prick went to MEAT TO PLEEZE YOU, and
- The Little prick went to EASY CUM EASY GO
- A late commendation went to MCTaf for superior car parking skills, and
- DUMB DICKHEAD DAVE celebrated his death day anniversary of one year.
