

Capital Hash House Harriers – Run 2080 - Hidden Flagon – Stairway to Heaven - Calwell Run

If this had been a normal hash run I'm sure Hidden Flagon would have told us that there will be no hills on the run. Holy Snappers, I don't think we have ever gone up so many steps in a hash run. Just one of those flights of steps went for 144 steps and there were many more. It was nice to get the views from both Tuggeranong Hill and Calwell Hill though!

We had so many hashers start at 2pm that at one point we had around 15 hashers in a socially distant circle after the run, it was great to catch up and have a beer, plus bonus, HF supplied individual packets of chips....nice (still didn't make up for the hills though)

Run Report – Gerbils- Refreshingly easy, good robust markings, not very long, score 2

Walk Report – Dangles – A marvellous stroll, good markings, nice scenery, score, .69, scores were appropriately low so no change from the GM

Returnees– Bushman and Matilda, did the run but not the zoom
